LOCAL ELECTRIC COMPANY SAVES THE DAY WHEN EASTERNERS FAIL

By STUART NIXON

They're processing another kind of "juice" at Mission San Jose's famed Riehr Vineyards these days, and this fact meant a big saving in time and money for a new Township industry, it was disclosed this week.

The vineyards, located on the Mission-Irvington Road, have been in the Riehr family for generations.

Now a pair of neat metal buildings sit amid the ancient vines. The structures house a new Riehr family enterprise—the Industrial Electric Manufacturing Corporation.

The company was started late in 1950 by a Riehr grandson, Frank Howe, an electrical engineer, and his partner, Richard Alldrin, an electrical shop foreman.

The firm specializes in building the complex distributor switchboards which control power in factories, schools and big buildings.

Last fall the Visking Corporation entered the picture.

Visking, a Chicago firm, is building a $500,000 plastics plant between Newark and Centerville. Its nerve center was to be a huge electrical panel, costing more than $4000. Last June Visking ordered the panel from the country's largest manufacturer of such items, back east. Delivery was set for November.

But in November the manufacturer called R. F. Pierce, chief engineer for Visking's plastics division, and told him no panel until March—maybe later.

This would have meant the plant would stand idle for months—"a very costly situation," as Pierce mildly puts it.

A. S. Enos of Centerville Electric and Pump Co., electrical contractor for the building, racked his brains. Then he remembered the little factory at Irvington. He and Pierce asked Howe if Industrial Electric could do the job.

"Sure," replied Howe.

All six employees pitched in and the panel was delivered—not in March, not in six weeks—but in seven days!

Pierce declared:

"This will permit us to start production on schedule. We've been told it would have been impossible to obtain the equipment from any source in less than three or four months."

Incidentally, the Mission San Jose firm made the panel for about $1000 less than Visking could have obtained it from the big Eastern company.

'IF I COULD JUST SHUT THEM UP . . .'

For the second time in three months, a noisy rooster betrayed Billy Benbrook.

Benbrook, 24, of Oakland, was arrested Sunday in a Decoto service station when Deputy Sheriff J. N. Chisholm heard a loud crow coming from the back of Holbrook's car.

Chisholm found a pair of fighting cocks in the machine.

"I was only taking them for a Sunday drive," Benbrook explained.

Both Benbrook and a companion, R. A. Morris, 38, were held for illegal possession of fighting roosters.

Benbrook is on probation for a similar offense here in December. At that time he and his father, Robert, were charged when a deputy was alerted by another bird's crow.

Benbrook pleaded guilty Tuesday before Judge E. A. Quaresma and will be sentenced on March 3.

'ACRES HEARING

Final hearing on the proposed anti-industrial zoning of Adobe Acres is next Wednesday afternoon before the County Planning Commission in Oakland.

FIRST COUNTY DRAINAGE PLANS IN 90 DAYS?

Engineers Now at Work on Zone 6

Plans for flood control and drainage in two sections of Washington Township went into high gear this week, on the heels of approval of public flood-control zones.

Around Irvington, county flood control district engineers are preparing blueprints of drainage systems in Zone 6 which will open up much of the South Township to subdivision and industry.

And near Alvarado and Hillview Crest, plans for public works in Zone 3-a are somewhat farther advanced.

This information came today from James F. Vivrette, office engineer for Herbert Crowle, who is head engineer for the district.

Vivrette and Supervisor Chester E. Stanley will meet tonight (Thursday) with the Warm Springs Chamber of Commerce to explain the next steps that must be taken to make Zone 6 a working reality.

And Vivrette served notice that the county hasn't forgotten Zone 5, along Alameda Creek. On Tuesday, before the Centerville Lions Club, Vivrette said (1) the district will proceed with plans for Zone 5 despite its setback at the hands of Livermore cattlemen, and (2) will continue to educate the public about its benefits. Then he told his dinner audience:

"If you want flood control, you'll have to go out and work for it."

Now that Zone 6 has been established by the supervisors, Vivrette said the next step will be for his district to prepare plans and cost estimates. These, he said, ought to be ready in three months. They will then be submitted to the district's Advisory Commission, headed by W. D. Patterson.

Next steps:

1. The commission considers the plans and estimates at a public hearing in this area.
2. The commission gives its recommendations to the Supervisors.
3. **The Supervisors will hold a public hearing. At this hearing, any of the projects may be killed by written protests from a majority of the property owners, who represent more than one-half the assessed valuation within the zone.**
4. The Supervisors either accept or reject the projects.
5. Taxes or assessments then can be levied. Or bonds can be voted by two-thirds of the votes cast.

In any event, Vivrette said, no assessment money can be available until taxes are collected in December, so no work can be started until early 1954.

Vivrette said the district expects to present the plans for draining Treeview Tract—across from Hillview Crest—which lies in Zone 3-a (Hayward, Alva-

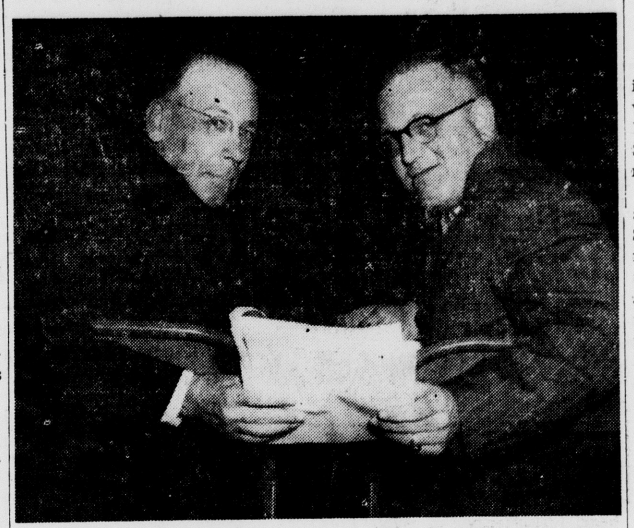
DECOTO PRINCIPAL TAKES DEMOTION IN 'LOYALTY' ROW



CHANGE OF COMMAND . . . Joe Pashote (left) gets briefing on duties of president of Newark Chamber of Commerce from Outgoing Prexy Ken Foster last week at installation ceremonies in Newark School. (Register Photo)

Perry Replaced By Infelise

Peace of a sort reigned again in the Decoto school system this week with ex-Principal J. Wallace Perry of Decoto Grammar School deciding to accept his demotion to fourth grade teacher.

Perry resigned his principalship in a dispute with Supt. of Schools Harold Schoenfeld. Perry made the resignation effective at the end of June, but Schoenfeld and the school trustees advanced the date and told him to start teaching the fourth graders.

When Perry refused, a row seemed eminent. However, he apparently decided to obey after week-end conferences with legal advisers by both the ex-principal and the superintendent.

Perry declined comment on the affair, but Schoenfeld reported

1. Late in January, he warned Perry about "loyalty," and Perry resigned—effective June 30. Schoenfeld told him to take the fourth grade in the meantime—at the same pay.
2. On February 4, Trustees Alwin Searles and William S. Davis heard Schoenfeld charge Perry with "unprofessional conduct," then accepted the resignation and affirmed Schoenfeld's order.
3. Robert Infelise, vice-principal of the Hillview Crest School, was named acting principal at Decoto School.
4. **Perry promised the Board: "I'll be back tomorrow at 8 o'clock as principal."**
5. Perry reported for work February 5, told Schoenfeld he would not teach "on advice of my attorney." Then he left.
6. Schoenfeld said he would seek advice from the district attorney on whether to charge Perry with insubordination and have his teaching credentials revoked.

On Monday, however, Perry was teaching the fourth grade and Schoenfeld had left for Atlantic City to attend a convention.

Perry has been principal of the school since last March, succeeding Lewis Musick, whom Schoenfeld succeeded as superintendent.

THE FUTURE NEWARK: BLUEPRINT FOR A CITY OF 30,000 DRAWN BY EXPERTS

A plan whereby Newark can grow "in orderly fashion" to a city of 30,000 is under preparation by the Alameda County Planning Commission, it was disclosed here last week.

In a statement issued by John Jay Thomas, chief of the commission staff, the blueprint sets up eight principles already used in the Township Master Plan, and applies them to Newark's future.

The first part of the plan is presented here. The remainder will be printed during the next two weeks.

PRELIMINARY PLAN FOR NEWARK

"A new milestone in the history of Alameda County planning has been reached with the preparation of a preliminary plan for the future development of Newark. This plan, although it is only in preliminary forms, marks the first time that a community in the unincorporated area has progressed to this point in the planning process. Actually, this step is a preliminary in a lengthy process which, it is hoped, will lead to official adoption.

"What is presented at this time is a concrete proposal which the citizens of Newark may study, discuss and evaluate. There will be ample opportunity for everyone to discuss the plan among themselves and with members of the Planning Commission and staff, both informally and at public hearings to be held for the purpose. Once the plan is thoroughly studied, it can, where necessary, be modified and then adopted by the Planning Commission and the Board of Supervisors as part of

A HORSE ON YOU— THE HARD WAY!

Two men were injured early Saturday when their car crashed into a horse on Niles Road, five miles south of Hayward, skidded 300 feet, crashed through a fence and overturned in a field. The horse, which was killed, loomed out of the fog.

The driver of the car, Dale Parmer, 37, of 255 Thornton Avenue, Centerville, suffered critical head and chest injuries. His passenger, Walter Jacobs, 39, of Niles, suffered internal injuries.

FIREHOUSE, OPEN HOUSE . . . The public is invited to ceremonies Sunday when Niles fire commissioners formally open their new firehouse on Second Street (architect's sketch, above). The open house runs from 1 to 4 p.m., according to A. M. Alves, chairman of the commission.

Supervisors' Raise, Fair Are Debated

Supervisor Chester E. Stanley came to Niles Wednesday to answer critics, but he had to take a back seat when one of his fiery backers challenged the chief critic, Dr Tom Wilson.

Jack Prouty tried vainly to get the Chamber of Commerce to endorse "a raise" for the supervisors. Then he withdrew his motion and lambasted what he called "the lackadaisical attitude of people in Niles" toward "those who want to develop the town."

Prouty's outburst was answered by Dr. Wilson, who accused him of "trying to railroad" the raise resolution through the chamber.

Stanley opened the session by replying to a series of questions presented by Dr. Wilson through the local press. Said the supervisor:

1. Since Los Angeles voted to tie its supervisors' salary to that of superior judges — $16,750 a year—Stanley asked State Senator Arthur Breed to initiate a Legislative study of doing the same thing here. Breed has complied.
2. **Supervisoring, as practiced by Stanley at least, is not a part-time job. He receives $674 a month, he said, but is "on the go" from early morning to late at night answering constituents' requests, investigating problems of his district, and attending meetings. He calculated that during January he put in nearly 270 hours on county business, "for which I was paid at the rate of $1.81 per hour."**
3. Because the voters refused to raise supervisors' wages from $350 per month in 1946, the county submitted an amendment which permitted the Legislature to do so, and this was passed. Commented Stanley:

"Who is in the best position to judge what an official's salary should be—the people working close to that official or the general public?"

As for the proposed retirement system, Stanley added, this was initiated by Supervisor Harry Bartell and is a normal item in industry everywhere nowadays.

At first Dr. Wilson sat silent, while Elmer Marks and others asked questions about highway and road prospects. Then Prouty, who said he had to leave for a session of the Alameda County Water District, of which he is a director, said:

"I'll move for a raise for the supervisors." Dan Bodily seconded.

This brought Wilson to his feet with the protest:

"These are outsiders talking, men who hardly ever come to our (chamber) meetings. I believe there's still too much of a question whether all of the supervisors are worth that much to us."

Then the dentist launched into a repeat of his written criticism,

GUESS $1,140,000 FOR W.U.H.S. ANNEX

Officials of Washington Union High School this week prepared to sign a contract with a San Francisco architectural firm, following submission of a detailed estimate that the high school additions will cost $1,140,000.

The estimate came from the firm of Falk & Booth. Under county ordinances, it had to be submitted before the contract can be signed.

Principal J. V. Goold said the estimate comes within the $1,200,000 his trustees told Falk & Booth was the ceiling for building costs. Last fall's bond issue raised $1,500,000, but Goold explained $300,000 must be earmarked for parking space, fencing, landscaping, enlarging outdoor athletic facilities, and for an augmented water supply.

A Palo Alto firm before the election had submitted almost the same figure as Falk & Booth.

Next step is to prepare the blueprints and have them accepted. Goold says this may take some time and does not see any relief from crowding at the school "at least until the fall of 1954 and maybe later."

The principal said he now has 913 students in the school—which was designed for less than 700—expects 1020 next fall just from the present eighth grades in the Township, and forsees an enrollment of 1200 to 1400 by the end of 1954.

By converting some of his present rooms to classroom use, Goold says he hopes to avoid double sessions in the meantime.

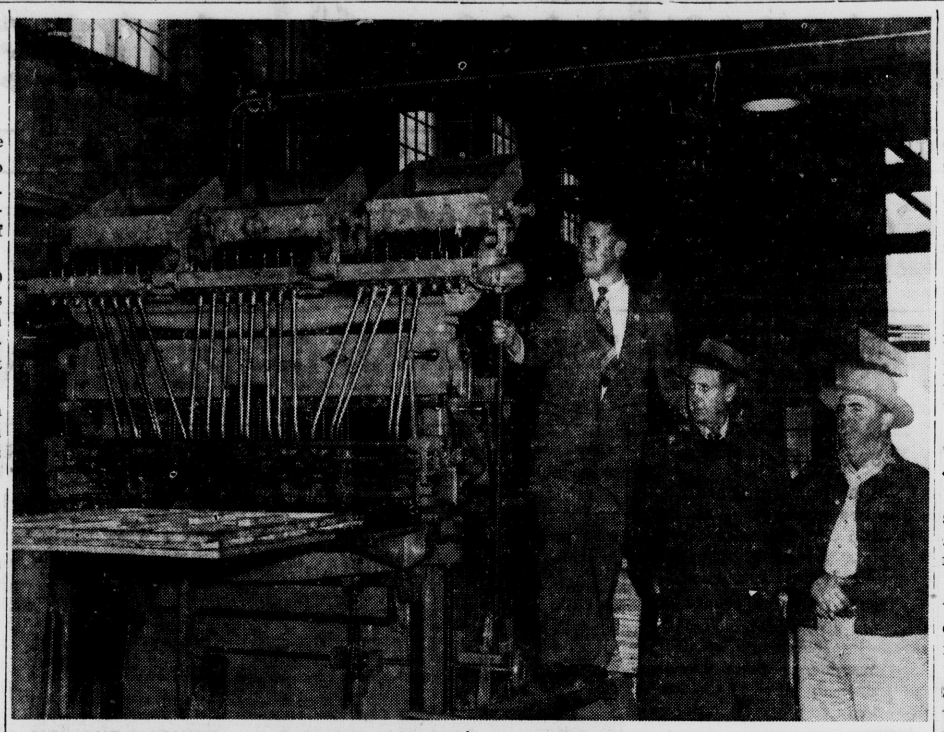
BAR STATE BOND TO IRVINGTON?

Provisions of the new state school bond issue are unfair to districts like Irvington, Dist. Supt. of Schools Gus Robertson complained at a local Chamber of Commerce meeting Tuesday.

Robertson said the $180,000,000 measure, Proposition 24, now has been discovered to contain "a joker" which would force Irvington to tax itself double before it could get any state funds.

Robertson explained Irvington passed a $257,000 construction bond issue last year, which costs taxpayers 40 cents per $100 valuation.

"We'd have to tack on another 40 cents to get state aid," said the superintendent, who added his school now is jammed with 800 youngsters and needs more buildings.



MEN AND MACHINE . . . Executives of Newark's new Bulldog Pallet factory inspect the complex nailing machine which last week started turning out more than 1200 wooden "sleds" per day for moving and storing manufactured items. Atop the nailer is L. K. Kirksey, production manager, and standing beside the machine are Richard M. Duff, president, and L. M. Potts, contractor, who erected the firm's $75,000 building on Haley Road. (Register Photo)

TO REPAIR SIGN

Irvington's town sign, the south one, will be repaired, Chamber of Commerce Walter Connolly ruled this week. The electric sign was damaged when an unidentified motorist rammed it last month.

THE BULLDOG PALLET CO. building on Haley Road is completed and production started. The company delivered the first truck load of 1,000 pallets to the Falstaff Brewing Company in San Jose February 6. Production will be 800 to 1200 per day in the near future, according to Plant Manager Keene Kirksey.

THE GIBSON OIL and Chemical Company will have its one-story cement block and steel building completed by March 1, according to George Laemmle, chemist. Production will begin March 15. The company will produce industrial cleaning material and soluble oil. They will employ six men to start, but expect to employ many more when in full production, and have plans for a two-story building in the future. The building is located at Wells Avenue and Filbert Street.

MRS. EARL WILLBURN, president of the board of trustees of the Newark Recreation District, held an informal meeting in her home last Thursday. Present were Miss Gladys Snyder, recreation specialist of the State of California Recreation Commission; Miss Ardith Frost, teacher of Organization and Administration of Recreation at San Jose State College, and eight junior recreation majors from "State." Miss Frost is considering as a class project for the next quarter a complete program for Newark. Included in the project would be the study of how Newark formed the district. Next trustee meeting is February 19 in the Youth Center.

MRS. DORIS O'BRIEN was hostess at a party given in her home last Monday. Guests were Mrs. Marie Freitas, Grace Stevenson, Vee McCoy, Anne Hernandez, Alta Etchison, Betty Yarber, Claire Marshall, Louise Cogswell, Inez Olds and Edith Roderick.

THE TWENTY-THIRD annual Firemen's Dance will be held at the Newark Pavilion on Saturday, February 14.

GUESTS of Mr. and Mrs. Robert Burdock last week were Mr. Burdock's mother, Mrs. Florence Burdock, of Toledo, Ohio; his uncle, Mr. Robert Wilson, and his sister and brother-in-law, Mr. and Mrs. William Flowers of Bowling Green, Ohio.

BUZZY FOLEY enjoyed a week-end at home with his parents, Mr. and Mrs. Howard Foley. Buzzy is in the Navy, stationed in San Diego.

PAMELA TEXERA celebrated her sixth birthday with a party January 19. Guests were Cheryl Ornellas, Shelby Wright, Judy Carter, Sharyn See, Marilyn Maciel, Sandra and Russell Pierce, and her sisters, Sharon and Paulette.

THE PORTUGAL OF TODAY Radio Club will hold a carnival dance at Newark Pavilion Sunday, February 15. Music will be furnished by the Pinto Brothers band. Tickets are 50 cents.

BOB CARTER celebrated his eighteenth birthday with a party. Guests enjoying dancing and refreshments were Web Martin, Eddie, Junior and Jackie Valles, Gilbert and Wilbert Fernandez, Evelyn Hinds, Janice Normans, Barbara Goebler and Betty Calles.

LINDA QUERNOR was four years old Saturday. Helping her celebrate at a party given by her mother, Mrs. H. V. Querner, were Jennie and Becky Runnels, Butch Perl, Willard Walker, Charles and Velma Pool, Jenice Wallman, Christine Dauckert, Dinky See and Gloria Ann Gularte.

WILLARD WALKER celebrated his fifth birthday at a party given by his mother, Mrs. Willard Walker, last Sunday. Enjoying games, favors and refreshments were Kenny Carrion, Madge Dias, Nancy Burnett, Dinky and Sharyn See, Jennie and Becky Runnels, Gaye Carroll, Charles and Velma Pool, Judy and Linda Lloyd, Bobby Ligon, and Willard's sister, Jacque.

MR. and MRS. J. H. WILLIAMS were week-end guests of Mr. and Mrs. Wayne Thiessen.

MRS. H. B. LACEY was hostess at a surprise stork shower given for Mrs. C. J. McNieve. Mrs. Lacey used a small clothes line with baby clothes and a stork as decorations and the gifts were placed in a bassinet. Guests were Mrs. Catherine Freitas, Mrs. Bee Miller, Mrs. Lillian Kettman, Mrs. Norma Jean Freitas, Mrs. Mary Lotte, Mrs. Esther Freitas, Mrs. Julia Harris, Mrs. Lucille Toste, Mrs. Evelyn Zabollas, Margy Reis, Mrs. Mae Freitas, Mrs. Olivia Freitas of Oakland, and Mrs. Ed Kettman Sr.

KNIGHTS OF PYTHIAS Lodge No. 170 initiated four new members at their last meeting. Neopytes Robert Moffett, Robert Lunsford, Robert Livingston and Ronald Andrus received the rank of "page" and will receive the rank of "esquire" at the next meeting, February 18, at 8 p.m., in the Youth Center.

CHARLES M. BURNETT will be home February 15 where he will be welcomed by his wife, Dorothy, and daughter, Nancy. Charles, an M.M.C. in the Navy, will arrive in San Diego on the US Yarnell, which has been in the Korea fighting line. Nancy was three years old February 8, but will wait for her daddy to come home before she celebrates.

THE NEWARK SCHOOL will have two days off this week—Thursday and Friday.

THE FORTY-THIRD Annual Boy Scout Week was held February 7 to 14. The Newark Scouts and Leader Ed Maughan camped all night in the lot next to Freeman's Grocery Store. The boys made a monkey bridge for scout participation and had a display of scout work in front of every church February 8. Andy Anderson, assistant scout executive of the Twin Valley District, was present. Judges were Don Taylor, assistant commissioner of the Twin Valley District, and Nelson Sanford, central district scout executive.

LIVE OAK BEES WIN OVER GAME PUPS

The undefeated Live Oak B quintet ruined the Washington High Puppies chance for a league pennant Friday night, squeezing past the Junior Huskies 50-46.

The Pups started off, upsetbound, and sped to a 10-7 first quarter lead. The fast-moving Acorns rallied, however, and led 17-14 at the half.

Live Oak's lightweights widened their margin as they outscored the Puppies 18-14 during the third period.

The determined Puppies came fighting back in the fourth quarter behind the shooting of Ray Orozco to outscore the Acorns 18-15 but it wasn't quite enough to catch the red-hot home club.

Orozco paced the Washingtons with 18 points, followed by Art Anchundo with 13. The Acorns were led by their two ace forwards, Bob Sakar and Torch Makuai, who tallied 18 and 14 points respectively.

Tomorrow the Puppies play their final game of the season against the James Lick Comet Yearlings, on the Comets' home floor.

HUSKIES CLING TO LEAGUE LEAD BY PLUCKING ACORNS; SEASON END NEAR

By BOB HIRD

A stubborn Live Oak quintet gave the Washington Hi five a bad scare Friday night, but the Huskies took hold in the closing minutes to edge the Acorns 40-36, on the losers' home court.

The Huskies thus maintained a first place tie with Campbell, Fremont and Mountain View, who also won their ball games. The Bucs edged the Santa Clara Panthers 46-44, the Indians trampled Los Gatos 65-43, and the Eagles smothered James Lick 73-46.

The Acorns had won only one contest in four previous starts. But they almost upset the Malemutes' pennant bid. Main threat for the Acorns was sharpshooting Forward Jake Smith, who bucketed 22 of his team's 36 points.

The Huskies trailed by one point at the end of the first period but rallied in the second quarter to lead 15-13 at the half.

The third and fourth quarter turned into a scoring duel between Smith and Husky Center Antoine Rigmaiden. Smith kept connecting from about 30 feet out, while Rigmaiden was hitting on tips and jump shots from the side. Both squads scored 11 digits in the third period and the Huskies clung to a 26-24 lead.

In the last two minutes of the fourth period, Live Oak knotted the score at 35-35. Then Paul Thomsen sank a free throw, Tony Nieves sank two free throws, and Rigmaiden potted a field goal.

Rigmaiden tanked 17 points and also along with the 6-foot 3-inch Thomsen, controlled the backboards for the Orange and Black. Between the two of them, they accounted for 35 rebounds.

Tomorrow night the Huskies end their 1952-53 basketball slate as they face the James Lick Comets on the latter's home court.

Box score: (Washington)

BE SURE! GET A FREE X-RAY HERE

Are you sure you don't have TB?

Townshippers who'd rather be safe than sorry are urged to make use of free chest x-rays to be provided here February 18, 19 and 20, at Washington Union High School.

Vice-Principal Irving Hird reports a mobile x-ray unit from the Alameda County Tuberculosis and Health Association will be at the school on those dates. On Friday, the 20th, it will be available for parents of high school students and for all other localities.

"We always find one or two people who have TB," Hird relates. "They never suspect it."

C.C. DEFERS MOVE ON ARCHITECTS

Washington Township Chamber of Commerce wants more data before deciding whether State-designed school buildings will save money.

The Township group last month was discussing a suggestion from Delano, in the San Joaquin Valley, that state architects design public school buildings to save private architect's fees.

Charles W. Kraft, Niles tile manufacturer, had suggested by letter that such a plan might cost more, since new State bureaus would have to be set up, and that the results would not be pleasing to the eye.

Acting Chamber President Peter Juhl ordered a letter of inquiry written to Dr. Vaughn D. Seidel, county superintendent of schools, before action was taken on the Delano proposal.

Centerville's Chamber of Commerce previously had bypassed the issue, but Alvarado's had endorsed it.

MANUEL BRIBES, 77, DIES IN C'VILLE

Manuel P. Bribes, 77, retired farmer, was found hanging from a walnut tree in his back yard at 120 Walnut Avenue, Centerville, late Monday afternoon.

Bribe's son, Jack, said the elderly man resented growing old and complained the day before about being unable to spade his garden. Deputy sheriffs said Bribes apparently stood on a ladder, adjusted a noose around his neck, then jumped.

Many years a resident here, Bribes was a native of the Azores. Other survivors include a daughter, Mrs. Mary Gonzales in Centerville, and a son, Alex Perry of Tracy.

Services will be Thursday in Chapel of the Palms.

The first regular meeting of Silver Star Rebekah Lodge for the new term was held Friday evening, February 6, at Odd Fellows Hall, Irvington, with Ceocie Caldwell, noble grand, presiding.

The noble grand appointed her various standing committees for the year. Among them are: Rose Stearns, Ruth Meck and Lizzie Dickerson, finance committee; Ivy W. Cull, publicity; Leona Krueger, drill mistress.

On the visiting committee for the year, the appointments were Anna Bradford, Ivy Cull and Iva Marble for Niles; Justine Adams, Agnes White and Anna Van Buskirk for Irvington; Ann Arington, Gladys Hindmarsh and Ruth Meck for Centerville; and Minnie Clay, Leona Krueger and Clara Williams for Newark.

Next regular meeting of the lodge will be held Friday evening, February 20, with Justine Adams, Florence Anderson and Ann Arington in charge of the social hour.

Bakersfield became the county seat of Kern County in 1872.

JOHN MENEZES OF ALVARADO DIES

John Menezes, 70, barber and fraternal leader at Alvarado for nearly 40 years, was given final rites in Hayward Monday.

Menezes retired last April after serving as secretary of the Eagles Lodge for 20 years. He had suffered a broken hip and was confined to a wheel chair. He had served also as secretary of the IDES, the UPEC and the Holy Ghost lodges; was treasurer of the Alvarado Chamber of Commerce for many years and was a member also of the SDES Lodge and the Barbers Union No. 134 of Oakland.

He was the husband of Isabel Menezes and the father of Mrs. Alberta Nunes of Centerville and Miss Alice Menezes of Alvarado. He is survived also by one grandchild. Mass was said at St. Anne's Church and entombment was in Holy Sepulchre Mausoleum.

DECOTO BRIEFS

By CECELIA LUEVANO

BORN at the Decoto Medical Building February 4 was Alisa Munoz, daughter of Mr. and Mrs. Larry Munoz of Alvarado. Little Alisa weighed 6 pounds and 6 ounces, and is their first child. Also born February 8 at the Medical Building was Thomas Salez Jr., whose parents are Mr. and Mrs. Thomas Salez of 915 Tenth Street, Decoto. On arrival Thomas weighed 8 pounds and 2 ounces.

MR. and MRS. LUPE ROCHA and family of Fifth Street motored to Newark last Saturday to visit Mr. and Mrs. Tony Romero.

CATHOLIC GIRLS of Decoto have started a club called the Young Christian Students, with the help and direction of Father Ralph Duggan and Sister John. Purpose of the club is to help the girls get acquainted, to help with problems at home, school and social life, to help answer any questions they have about the Catholic religion, and to raise money to have parties and outings. Last Saturday the girls elected the following officers: president, Marlene Bolivia; vice-president, Cecilia Luevano; secretary, Alvesa Campa; treasurer, Mary Zamora; sergeant-at-arms, Mickey Garcia. If any girl is interested, she is urged to come to the meetings, which are held every Saturday at 10 a.m. at the Parish Hall.

MRS. KENNETH GARCIA is doing nicely after her foot operation which she underwent January 31 in a San Francisco hospital.

EVELYN SANCHEZ is also recovering from an operation on her lip at Providence Hospital, Oakland.

HAPPY BIRTHDAY to Dorothy Soto! She celebrated her 18th birthday last Wednesday.

A BABY SHOWER was given in honor of Mrs. Lily Ramirez at the home of Mrs. Carmen Luecano last Thursday. It was all a surprise to Mrs. Ramirez. Guests were Mrs. Raphaela Guerra, Mrs. Teresa Martin, Mrs. Laura Martinez, Mrs. Georgia Guerra, Mrs. Shirley Garcia, Mrs. Mary Garcia, Mrs. Josephine Gonzales, Miss Josephine Bernard, Mrs. Julia Fields, Mrs. Lillian Janeiro, Mrs. Esther Garcia, Mrs. Frances Lambaren, and Lillian Baca of Hayward. They all enjoyed a Mexican dinner which was served by Mrs. Luevano. Mrs. Ramirez was showered with beautiful baby clothing.

JOYCE CHILDERS will be visiting in Stockton this coming week-end.

THE TEENAGE CLUB held a skating party February 10 at the Garden of Allah.

DON'T MISS the C.G.C. meeting which is to be held February 15 from 2 to 5 p.m. at the Convent of the Holy Family in Mission San Jose. Everyone try to come and bring a friend with you! There will be folk dancing, singing, and a lot of fun all afternoon.

DEEPEST SYMPATHY goes to the family of Mr. Tony Freitas who passed away suddenly last week.

THE HOLY ROSARY GUILD and the P.T.A. gave a house warming in honor of Mrs. Mary Cardoza last Friday. Mrs. Cardoza was given a beautiful silver coffee service. Mrs. Hazel Costa was in charge of the affair.

TONY B. FREITAS DIES IN DECOTO

Tony B. Freitas, 43, Decoto laborer, died Sunday at his home. He leaves his widow, Florence, and five children: Richard, Anthony, Betty, Paul and Shirley. Also a sister, Mrs. Mary Bolivia.

Services were Wednesday from Berge Mortuary Company, Niles, with interment in IOOF Cemetery, Irvington.

Monterey County jade was used by the Indians nearly 2000 years ago.

There were no numbers or classified sections in early telephone directories.

When winter weather threatens mountain telephone lines, Jim Carson and his fellow linemen roll out to make sure calls go through.

Jim Carson—Telephone Trouble Shooter

The story of how telephone men see that your calls go through in any weather

"Jim Carson" could be any one of the thousands of telephone trouble shooters on the job in the West. And he's mighty busy when blizzards strike in the mountains. When the electronic testing equipment spots possible trouble on telephone lines, Jim and a telephone crew are dispatched to stop the trouble before it can interrupt service. Often while a storm is still raging, they are on the job—clearing lines—helping to make sure your telephone calls go through quickly, reliably.

When disaster strikes

Flash floods, forest fires, earthquakes—these are disasters which can strike a community. But you can be sure that telephone men and women will be on the job in times of crisis—maintaining telephone service which can have a value beyond price as vital telephone calls go through.

YOUR TELEPHONE IS ONE OF TODAY'S BEST BARGAINS

Radio telephone keeps Jim and his fellow linemen in touch with their home telephone base. If necessary, they may call upon emergency telephone equipment which is stock-piled at strategic locations up and down the West. After the storm, Jim and his crew may patrol lines for potential trouble spots—leaning poles, broken branches, wires buried in towering snowdrifts. It's constant checking like this that keeps your service dependable. And, of course, keeping your service reliable in any weather is just one more way we make sure your telephone service remains the finest in the world.

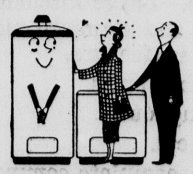
You're always in hot water—and glad of it!
when you replace your old water heater with an automatic gas unit big enough for its big job in your home

Where small unit fails—in one morning, the family baths, breakfast dishes and a load of laundry can drain the supply in a water heater that's too small or obsolete. And it always happens just when you need hot water for another important job.



Big unit pays off—a modern, big-enough automatic gas water heater keeps you supplied all the time. Heavy insulation holds in heat, makes it extra efficient—cheap to operate. Why not see the handsome new gas water heaters at your dealer's now!

How does your home rate on this adequate water heater chart?

Bathrooms	Bedrooms	Capacity
1	1 or 2	30 gallon
1	3 or 4	40 gallon
2	2 or 3	40 gallon
2	4 or 5	50 gallon
3	3	50 gallon
3 or 4	4 or 5	75 gallon

If your present water heater is too small, or if it's old and slow, see your plumber or appliance dealer about a new big enough automatic gas water heater now!

ONE CENT
It costs only pennies a day to enjoy all the hot water you need when you need it . . . for P. G. and E. rates are far below the U. S. average!

BROTHERHOOD

For centuries, civilization has fought to gain and preserve the basic human rights of religious freedom, tolerance and the brotherhood of mankind.

Our nation was founded upon just such principles. Devotion to them has helped build the spiritual strength without which America could never have achieved lasting greatness.

We think it is indeed fortunate that a nationwide organization, the National Conference of Christians and Jews, has dedicated itself to keeping those ideals alive. We believe it to be of everlasting importance that a free people never lose sight of the necessity of spreading the kinship of man under God.

This is, of course, a year-around proposition. But since 1934, a Brotherhood Week has been held annually under auspices of the Conference to dramatize universal independence on the need for true religion in the crusade for liberty and democracy. This year, Brotherhood Week will be held the week of February 15-22.

Now perhaps more than ever before, America faces a challenge from a godless philosophy that would destroy all human and religious rights. The nation is pouring out its wealth to build material strength against the threat of Communism. But despite this, the united cause against the enemy could be weakened were we to become divided by intolerance and bigotry.

Acceptance of the meaning of Brotherhood Week can help build up the spiritual and moral power vital to this fight. This newspaper is proud to support the week and urges the public to participate.

WEATHER NOTE

When this writer first came to the Township, last April, the hills still bore their heavy mantle of green. Not until mid-Summer did they turn California Brown, and almost before Summer was ended, the rains brought the first faint chlorophyll signs back again.

Now false Spring makes our hills and orchards as lush as Axminister carpeting. Sheep cling to the steep slopes like browsing mealy-bugs. The almond trees that line the roads are losing their blossoms almost before they began to bloom. One crystal morning we thought we saw Tamalpias from the hills near Mission San Jose—and by golly, we did!

How long can a man wait for spring?

EXPERTS PLAN NEWARK FUTURE

(Continued from page 1)

the general plan for Washington Township and for Alameda County.

"The purpose of a plan is to provide a sound and logical guide for the physical growth and development of the community. It is the only device by which overall growth and development can be guided and directed by public officials and private citizens so as to achieve a satisfactory, efficient environment which embodies the general goals of the community. Newark has been visualized in this study as an optimum-size community having the full range of facilities and services necessary for satisfactory urban living and good community life.

"Newark is not an isolated community; it is intimately joined by rail and highway and by common interests with all of Washington Township, and to a lesser extent with the remainder of the County. Recently a preliminary general plan for Washington Township was presented by the Planning Commission Staff at a series of meetings throughout the area.

"The plan showed in a general way the relationship among the Township's eight communities, the way each might grow to become a self-sufficient prosperous town, and the way the familiar countryside could be preserved in its natural beauty for decades to come. In preparing the plan for Newark, the same eight general rules that guided the Township plan have been followed because it is felt they will best achieve the desires and well-being of the area.

"First, the Township should be a well-integrated and coordinated unit. The Newark plan would help attain a unified Township for many reasons. A major highway connecting Dumbarton Bridge with Newark, Centerville, Niles and the Niles Canyon Road would provide an east-west route connecting the heaviest populated portions of the Township and providing through circulation from San Mateo County to Livermore and the Central Valley.

All of the other communities in the Township will be readily accessible by highway. The Eastshore Freeway, tying the East Bay cities with San Jose will form the eastern boundary of Newark, dividing it from Centerville's developed area. Rail lines connecting all of the towns in Washington Township will pass through Newark bound east to the Central Valley and west to San Mateo County.

"Second, each community in the Township should be encouraged to preserve its own identity by remaining physically distinct from adjoining communities. Newark will have a physical identity of its own. On the north and south it will be bordered by low-lying farm lands. On the east, the freeway will impose a logical limit to future expansion, and on the west lie the tide flats and the bay. These boundaries accomplish two purposes: they give Newark a chance to increase its population a dozenfold, and at the same time they provide finite limits so that expansion can be kept within efficient limits within the foreseeable future.

From a population of around 2500, Newark can grow to a city of 30,000 or more

NG Officers Sought

Potential officers for a National Guard unit in Washington Township were being sought this week.

Former officers, especially artillerymen, are eligible to make several hundred dollars a year for the part-time work. So are former top-ranking non-coms.

Meantime plans to establish the 98-man battery here progressed under Stuart Nixon, Niles publisher. Three possible locations are under consideration, and the recommendation of the State Adjutant General, Maj. Gen. Earl Jones, has been requested.

Interested persons are urged to contact Nixon at the Township Register office, Niles.

MYSTERY MAN WAS ONCE A TEACHER

Last week's Mystery Man was, of course, Jack Kleine, Centerville restauranteur. If you didn't guess—or if you did—here's another test of how well you know your Township. The answer is contained elsewhere in this week's issue of The Register.

He was born in Vermont in 1907, though today he retains scarcely a trace of Green Mountain talk. His father was a minister, and the family moved often—South Dakota, Mississippi, Massachusetts, Michigan, New York.

Finally when our Mystery Man was a Mystery Lad of 12, he moved to the strawberry country of Louisiana and Mississippi. He attended the University of Mississippi, then to Louisiana State, and graduated as a teacher.

In 1934 he met his present wife while both were attending summer school. Now they have one daughter.

For 15 years he taught school, ending as principal of a small school in Louisiana. Life was quiet—his one unusual experience was the time when he just missed an excursion boat in Memphis which overturned, drowning half the passengers. Since our Mystery Man doesn't swim, he considered himself very lucky.

In 1944 he left teaching. He decided to enter the profession he had liked since childhood, the one his friends always said he ought to follow. This took two years of hard schooling—at Sewanee University.

In 1947 he came west, settled in Washington Township, where he now has charge of one of the Township's oldest institutions.

His hobbies, chess, travel (during summer vacations) and Boy Scouts, for which he is a neighborhood commissioner.

Guess Who.

HEARST RANCH IS GOLF CLUB AGAIN

A group of Livermore and Pleasanton investors have purchased the Old Hearst Ranch property and intend to re-establish the Castlewood Country Club.

This was disclosed Wednesday with announcement a $500,000 remodeling program will be undertaken. The announcement also said the club will reopen March 15.

Seller was Larry Curtola. Officers of the group which purchased the property for an undisclosed sum include Judge Joseph Schenone of Livermore and Mayor J. W. Trimingham of Pleasanton.

CLASH AT STANLEY QUIZ SESSION

(Continued from Page 1)

demanding: (1) why Turfman Bill Kyne is paid '$1500 a day" to promote the 14-day race meet each year, (2) why the pension plan "is hand-tailored to fit Bartell," and (3) why issues affecting local residents "are decided by pressure, political expediency, and in the back room?"

To Stanley's argument that "we prefer to wait for a request," Dr. Wilson retorted:

"You want a big executive's salary. But does a big executive go to a shipping clerk and say: 'Joe, tell us what you need?' No, he sees what they need himself"

Prouty then demanded a vote, but C. K. Dennis and John Brahmst moved to table the issue until the following meeting, to avoid a threatened hassel. Prouty then withdrew the motion and replying to Wilson's remark about the "outsiders," rapped "the people of Niles" for their alleged 'lackadaisical attitude."

While President C. W. Chrysler called for order, Prouty and Wilson then exchanged caustic comment. Then Prouty left.

Stanley concluded the session by outlining plans the supervisors Niles" for their alleged "lackadaicilities of the Fair, to be financed with parimuteul money and State assistance.

Fifty persons attended the meeting held in the International Kitchen.

PAINT WORKS IN OPERATION HERE

Manufacturing operations started last week at the Niles plant of the American Chemical Paint Company.

The factory now is turning "Weedone," a hormone-type weed killer, according to George Williamson, superintendent.

Williamson said only "a small force" is presently employed, but that he expects to increase this when the former Schuckl Cannery starts making rustproofing compounds and pickling inhibitors later this year.

Inhibitors are chemicals added to acid baths in which steel companies remove scale from steel. The inhibitors retard the attack of the acid on steel without preventing removal of scale or rust.

Headquarters of the company are in Pennsylvania.

PIT, FREEZER TOP MISSION PARLEY

Members of the Mission San Jose Chamber of Commerce declined this week to make a recommendation to the county planning commission on a gravel pit proposed near their town.

The pit is slated for discussion soon before the commission. It would be dug in the hills east of the highway, on Castro Road, north of Mission, by W. E. McElvain of Niles.

A representative of Joe Castro, owner of the property, said the quarry "won't hurt the community," according to President Herman Medeiros.

Prior to the meeting, chamber directors discussed a rumored strawberry freezer plant reportedly planned by Rancher Eugene Olwell at Palm and Irvington Roads, on land purchased from the Monte family.

The directors decided to seek advice on how this would fit into proposed zoning for the area.

The chamber agreed to ask the county for resurfacing of Palm Avenue.

To the question on whether subdividers can go ahead once drainage plans are okehed by the district, Vivrette replied:

"Not until the projects are adopted and financing assured."

Civil Defense Confab

Organization of a disaster first-aid station for Washington Township will be undertaken here Tuesday at a meeting in the high school auditorium.

Dr. E. C. Grau of Niles, chairman of the local medical group in the county's Civil Defense plan, urges volunteers to attend the 8 p.m. session. They will be trained as nurses, drivers, clerks and in other capacities for use if an emergency arises, Dr. Grau explains.
